

PRODUCT OVERVIEW
40HP Two-Stroke
Outboard Model: AM40HPL

Built for serious performance and versatility, the 40HP delivers commanding power and responsive control. Driven by a high-capacity 703cc twin-cylinder engine, it produces an impressive 29.4kW, providing strong acceleration and smooth high-speed operation for demanding marine applications.

Designed for flexibility, it offers both manual and electric start options, along with intuitive tiller control. Engineered for uncompromising strength, power and reliability, the 40HP is ideal for commercial operators, sport boaters, and professional mariners who require consistent performance in tough conditions.

PRODUCT SPECIFICATIONS

Performance Highlights		Specification	Value
		Horsepower	2 Stroke 40 HP
		Maximum Output	22 kW
		Engine Displacement	703 cc
		Cylinders	2
		Max. RPM Range	5500 rpm
		Starting System	Manual / Electric
Engine Specifications		Specification	Detail
		Cooling System	Water-Cooled
		Control System	Tiller Control
		Bore x Stroke	80 x 70 mm
		Gear Ratio	2.08 (27/13)
		Transom Height (S)	43 cm (Short Shaft)
		Transom Height (L)	57 cm (Long Shaft)
Ideal Applications	Use case	Description	
		Commercial Operators: High-displacement power and dual-start reliability for daily professional use.	
		Sport Boating: High-speed performance for recreation and fast transit.	
		Utility Vessels: Compatible with multiple transom heights for workboats and transport hulls.	

Warranty Statement:
Manufacturer's warranty statement "Africa Marine" solemnly warrants that your new outboard motor, from the date of original retail purchase, will be free from defects in material and workmanship under normal use and service for the specified warranty period. Should such a defect occur, we will provide "free repair or replacement of parts" through our authorized dealers. 1.What is Covered *Repair or replacement of any part found to be defective in material or workmanship. 2. What is Not Covered * Normal wear and tear (e.g., propellers, spark plugs, impellers, filters, anodes). *Damage from accident, abuse, neglect, improper installation, or use of wrong fuel/oil. * Lack of proper maintenance** (as outlined in the Owner's Manual). * Corrosion** due to improper care or environmental conditions. 3.Owner's Responsibilities * You must properly install, maintain, and operate the motor as specified in the Owner's Manual. * You must retain proof of purchase and complete warranty registration. 4.How to Get Service * Contact an authorized "Africa Marine" dealer for warranty inspection and repair. * Warranty repairs must be performed by an authorized dealer. 5. Transferability * This warranty is transferable to subsequent owners for a fee upon registration. 6.Warranty time *Controller and motor: 1 year. * Drive shaft and propeller: 3 months.
