

PRODUCT OVERVIEW

30HP Two-Stroke
Outboard Model: AM30HPL

Delivering serious power with lightweight agility, the 30HP is built for boaters who demand strong acceleration and dependable performance. With a high-capacity 496cc twin-cylinder engine producing up to 22kW at 5000rpm, this water-cooled motor offers the ideal balance of speed, torque, and efficiency.

Designed for responsive handling, it features a manual start system, tiller control, and a reliable CDI ignition for consistent performance. The Forward-Neutral-Reverse gear configuration ensures smooth maneuverability, while the long-shaft design and manual trim/tilt allow you to adapt easily to varying water depths.

PRODUCT SPECIFICATIONS

Performance Highlights		Specification	Value
		Horsepower	2 Stroke 30 HP
		Maximum Output	22 kW @ 5000 rpm
		Engine Displacement	496 cc
		Cylinders	2
		Fuel Tank Capacity	24 L
		Starting System	Manual
Engine Specifications		Specification	Detail
		Transom Height	57 cm (Long Shaft)
		Ignition System	CDI
		Bore × Stroke	72 × 61 mm
		Max. Fuel Consumption	2.85 L/H
		Cooling System	Water-Cooled
		Control System	Tiller Control
Ideal Applications	Use case	Description	
		Fishing Vessels: High torque and reliable CDI ignition for coastal and inland fishing.	
		Ski-Boats: Strong acceleration and 22kW output for recreational water sports.	
		Utility Craft: High torque diesel performance for transport & heavy-duty tasks.	

Warranty Statement:
 Manufacturer's warranty statement "Africa Marine" solemnly warrants that your new outboard motor, from the date of original retail purchase, will be free from defects in material and workmanship under normal use and service for the specified warranty period. Should such a defect occur, we will provide "free repair or replacement of parts" through our authorized dealers. 1.What is Covered •Repair or replacement of any part found to be defective in material or workmanship. 2. What is Not Covered • Normal wear and tear (e.g., propellers, spark plugs, impellers, filters, anodes). •Damage from accident, abuse, neglect, improper installation, or use of wrong fuel/oil. • Lack of proper maintenance** (as outlined in the Owner's Manual). • Corrosion** due to improper care or environmental conditions. 3.Owner's Responsibilities • You must properly install, maintain, and operate the motor as specified in the Owner's Manual. • You must retain proof of purchase and complete warranty registration. 4.How to Get Service • Contact an authorized "Africa Marine" dealer for warranty inspection and repair. • Warranty repairs must be performed by an authorized dealer. 5. Transferability • This warranty is transferable to subsequent owners for a fee upon registration. 6.Warranty time •Controller and motor: 1 year. • Drive shaft and propeller: 3 months.
